Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x109 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.
Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.
We sell at 25 cents, and cheerfully recommend

Dr. Moss Killed

A resident of Morgan Hill, shortly after daylight Wednesday morning discovered the mangled remains of a man on the railroad track near the station in thattown. The body had been cut in two, and portions of it dragged for a considerable distance along the track. It was discovered later that the remains were those of Dr. F. H. Moss, a well-known physician of Palo Alto and Menlo Park.

How the accident occurred no one knows, but it is assumed that in attempting to board the early northbound train, which passed trough Morgan Hill about six o'clock he fell under the wheels. The Coroner and a jury are endeavoring this afternoon to learn something of the facts.

Dr. Moss leaves a widow and son At one time he had a very large practice at Menlo Park, but latterly he had spent much of his time on a small ranchnear Madrone. A brother-in-law, B. M. Peet, resides near there.

Dr. Moss and Mr. Peet were in San Jose Tuesday, having gone there on the occasion of the death of Mr. Peet's mother. They were to have returned together, but Mr. Peet missed the train. Mr. Peet said yesterday that Dr. Moss doubtless had walked on to Morgan Hill Wednesday morning to take the train to San Jose again. He had a habit of falling asleep while walking and going right ahead as though awake,and Mr. Peet thinks that this was the cause of his death.

The father of Dr. Moss was all his life Chief Justice at Toronto, and was president of the University of Toronto when our fellow townsman Dr. C. L. McCracken was graduated from that institution.

Hanibal Pullen Dies

Hannibal Pullan, aged 82 years, died Monday evening at the residence of his son William, at Belmont, after a short illness. The deceased was a pioneer of the State, and came to California in '49, after serving honorably in the Mexican War under General Hosian.

He first located on the Feather River, where he engaged in mining in company with his brother. Later they parted and the late Mr. Pullan located at Napa, where he went into farming pursuits. In 1856 he removed to San Mateo county, after having spent a year or so in Santa Clara county.

After spending twenty years in this county he returned in 1876 to Santa Clara county, where he purchased 160 acres south of the town of Santa Clara, where he lived until recently, when he came on a visit to his son at Belmont,where he died.

The deceased leaves three sons and three daughters; Mrs B. F. Yount, Belmont; Mrs. Wm. Stalter, Oakland; Mrs. J. M. Hamm, San Jose; William Pullen, Belmont; Ernest Pullen and George Pullen, San Mateo.

The body of the deceased pioneer was conveyed to Santa Clara by the 12:04 p. m. train Thursday from Belmont. The funeral services was held at the Santa Clara M. E. Church, at 12:30 p. m., and the interment took place at the Santa Clara Cemetery.

Two representatives of the Insurance Board were here from San Francisco Tuesday to investigate the community to see whether or not the appeal for a lower insurance rate should be granted. They spent the day with the Fire Chief who convinced them that the supply of water which can be obtained from the Frank Tannery Tanks and the new Chemical engine are great helps to the former fire fighting facilities. The fact that the old hand pump has been repaired, that there are twenty-five chemical extinguishers scattered about town and that new hose has been ordered were also taken into consideration. From the expressions of the gentlemen it is thought that the rate will be lowered.

A very pretty little gasolene launch is rapidly nearing completion at Winter and Allen's Mill in this city. The boat is being built for the younger members of the firm and is 16 feet long and 4 fect wide. She is equippedwith a 2 horsepower "Perfection engine and is expected to develope good speed. She will in all probability be one of the best boats of her sizeon the bay. This is only one of several boats that are expected to be built here in the near future. If the creek were improved a little there would undoubtedly be quite a fleet of small launches and sail boats here.

There was a mass meeting in the Assembly Hall of the School house last Tuesday evening for the purpose of nominating two trustees and an Assessor. The meeting was called to order by John MacBain. Senator Felton was the unanimous choice for chairman. The two members to go out were Felton and MacBain and the were renominated. The election is to be held next month. J. B. Kelly was the only nominee for assessor. Mr. Carlton who has been the assessor for the past 4 years did not care to be renominated for the office and withdrew in favor of J. B. Kelly. It was urged to lay more pipes along the county road to Mr. Duff's home. It was the sense of the meeting to go slowly with funds in making improvements and putting in more sewers for the present.

The Presbytery of San Francisco will hold its regular meeting in the Presbyterian church next Tuesday from 2 to 6 p. m. The program in the afternoon will consist of reports of committees and discussions on temperance and other subjects. This will be interesting to those who can attend and will serve to show what a meeting of Presbytery is. There will also be a popular meeting in the evening, beginning at 7:30. The program in the evening will be Our Work for Christ: In San Mateo county, in the State of California, in temperance, in foreign missions. All are cordially invited and will be a good opportunity to see and hear some of the San Francisco pastors. There are five of these meetings each year in as many churches. San Mateo county has lately been transferred from the Presbytery of San Jose to that of San Francisco. Twenty years ago there was a meeting here. Rev. R. C. Moodie was then at Los Gatos. Mrs. Stanford attended in the evening, and the next day sent carriages to take the members of the Presbytery to see the colts at the stock farm and to see the grounds where the university was to be built.

The following report was presented by the County Entomologist.

To the Honorable Board of Supervisors of San Mateo County: Since receiving the appointment of county entomologist on January 20, I have inspected shipments of nursery stock at Burlingame, San Mateo and Menlo Park. The mosquito work for the Burlingame district is progressing well, about 350 gallons of crude oil having been used in oiling the marsh area where mosquito larvae was found A survey has been made of the San Mateo marsh and larvae found very common, oiling has been commenced however and unless delayed by rain the larvae now present in the water will be killed. Respectfully submitted, Yours respectfully J. S. Hunter.

The following is the report of Health Officer Plymire.

To the Honorable Board of Supervisors of San Mateo County. I herewith submit my regular monthly report. The health of the county has not been quite as good as common. I have issued 647 burial permits for which I have collected $647 and 1 disinterment permit for which I collected $10, making a total of $657 turned over to the county treasurer.

D. McSweeney was allowed to transfer the license from his saloon location to Hillcrest near Colma.

A commmunication was received from the Board of Supervisors of San Francisco, requesting the refunding of taxes paid upon the cemetery near Colma, used as a burial place for the pauper dead. The request was granted.

C. M. Smith of San Francisco, representing Callaghan & Manetta asked for the return of the sum of$10 paid to the poundmaster at Baden for a black mare which had strayed from the yard of the petitioners. The claim was based on the grounds that the animal had been advertised for and had been used daily by the poundmaster before selling at public auction and that at the sale, it was bid in by the officials wife, and was in her possession when recovered. The matter was referred to the supervisor of the First township.

The clerk of the board was directed to have claims of the contractor on the bridge across San Francisquito creek ready for action at next meeting.

The following communication was received from the fish, game and fire warden of Santa Cruz county:.

Chairman Board of Supervisors, San Mateo county, Dear Sir: A committee consisting of the following named gentlemen: Dr. J. W. Davey, Dr. A. M. Barker, James Shilue, Chas. Shelbourne, B. Larigan, W. J. McKagney and J. L. Kopple has been appointed to represent Santa Clara county at the Santa Cruz County Fish Hatchery, Tuesday, February 4, 1908, and confer with the members of your Honorable Board of Supervisors and the Supervisors of Santa Cruz county, in relation to the cooperation of the three counties in the future operation of a fish hatchery. The committee will leave Santa Cruz Tuesday at 11:45 a. m., for the hatchery. accompanied by the board of supervisors of Santa Cruz, Judge Logan, hatchery superintendent, F. A. Shibley, myself and others. Hoping that the members of your honorable board and those citizens of San Mateo county interested in the proposition will be able to be present, and that you will advise me by wire or phone on what train you will arrive and how many will be in your party I remain very truly yours W. R. Welch.

The board decided to accept the invitation and attend as a body leaving on the train passing Redwood at 7:06, Tuesday morning.

Professor David Starr Jordan of Stanford University, accompanied by fifteen students of that institution attended the meeting of the board of Supervisors Monday, when the matter of the communications regarding the saloons of Chas. Meyers of Menlo Park and Walter Jellich on the Portola and Mayfield road were to be taken up for consideration.

Professor Jordan of Stanford commenced his talk by reading the following letter answering the citation to appear, sent him by Clerk Nash:

To the Honorable Board of Supervisors of San Mateo County: I note your request that I should appear before your Board of Supervisors on Monday, February 30. You do not state the hour at which this meeting will take place, but I will be there at 2:30 p. m. as my forenoon is entirely taken up.

I may say that my objections to the saloons are not primarily that they have violated the statutes—a matter which is the business of your supervisors to know—but that the saloon at Menlo Park has been a great injury to the students at Stanford University and that the one at Los Trancos has an unusually bad reputation. Yours respectfully David S. Jordan.

Upon the arrival of the university people the saloon cases were at once taken up and Professor Jordan was requested to address the board and explain his views, and said in part.

"I simply appear before you,gentlemen, to give you the viewpoint of the university with regard to saloons with in a radius of five miles of the institution. I am not prepared to make specific charges they should be brought in the courts—nor am I prepared to verify the reputation of the Wunder saloon in the Portola valley.

"As soon as the university opened the saloons at Mayfield, which was then a wet town, took advantage of the students and induced them to trade with them. Senator Stanford said to me before he died that if he had known what was going on earlier he would have had a law passed to keep saloons away from the university. Eighty students fail every year in their work; 40 of them fail because of drink. and of this 40 half of them have been led to drink by Meyer, who is responsible for a large total in the years of his business. We cannot educate men and have saloons taking part in the education."

C. C. Sanborn and W. E. Packard, students of the university spoke to the board regarding the students view of drunkenness of their fellows and it certainly was not to the credit of the fraternity.

H. C. Green, the associate editor of a student paper, proferred his services to the board to investigate the abuses of the saloons.

Rev. Mr. Baldwin of Palo Alto Congregational church stated that the reason he took an active interest in the affair was because he had learned that Meyer had given a dinner to 25 students on Christmas day and that he (Packard) represented 2,500 people in Palo Alto who wished the saloons in Menlo Park abolished..

Jas. T. O'Keefe then addressed the board and said that he resented the imputation that Menlo Park was populated by rowdies and asserted that all the rowdyism he had seen in that city was caused by students from Stanford University. Those residents who were compelled to take a late train at night could corroborate his statement, that students were there every evening singing vile songs and insulting anyone who might be unfortunate enough to come near them. Palo Alto had better missionize on her own side of the creek before attempting to interfere with San Mateo county.

Charles Meyer was present and admitted that he was guilty of catering to the Stanford student trade

This ended the discussion and as no special charges had been brought before the Board of Supervisors they could take no action, but they promised that if any charges were brought before them, backed by truth, they would give the matter investigation.

A petition was presented, signed by nearly all of the voters of Portola district that Mr. Jellich's license be granted.

There was no need of presenting the petition as the application of Jellich was granted without comment. In fact the supervisor of this township was busy with claims and only paid attention to the names of the bondsmen, of whom he approved. Afterwards the action was allowed to stand as no charges were made against the applicant.

The reports of county officials were received as follows:

County Clerk Nash collected as fees, $255.55; law library fund tax, $37; total, $292.55.

Fees collected by Recorder Johnston, $736.76

Taxcollector McCracken collected for state and County taxes, $161,910.40 Redwood City, $11,991.70; Redwood City Annex, $3,438.15; total $177,340.25. As license collector he collected for 14 retail liquor licenses, $1,680; 2 restaurant liquor licenses, $150; 2 special liquor licenses, $6; 46 merchant licenses, $516; 3 miscellaneous licenses, $252; 2 peddlers, $54; total $2,658; retained 10 per cent commission leaving balance of $2,392.20.

Treasurer Chamberlain reports having balance on hand December 31, 1907, $228,395.44; receipts, $18,870; disbursements, $20,257.26; balance on hand January 31, 1908 $227,008.18.

The Past-T-ime Tennis Club was organized at the Grammar school last Monday night and commences with a large membership. The following gentlemen were elected officers for the next six months: President, Dr. N. C. Cummings; vice-president, Walter Nobs; secretary-treasurer, J. Dale. The club will hold their first tournament on the Beeger Court this afternoon at one o'clock.

Mr. and Mrs. Ben Chew are spending a fewdayshere. Mr. Chew is on business relative tothe settlement of his mother's estate.

REPORT OF THE GRAND JURY

Inquisitorial Body Ends Labor And Is Discharged.

The report of the grand jury may be summed up as follows: "The report of the expert shows that the books of the various county officials have been kept in a business like manner. We would recommend that at the next tax levy a sufficient tax rate be levied to cover the amount of the discrepency which has existed in the books of the Superintendent of Schools for a number of years past (This discrepency has been carried forward since early in the 80's) We also believe that more economical methods should be adopted in carrying on the County's affairs in the various offices and believe that the Supervisors should designate or appoint a special clerk to look after and see that all claims are properly presented and in proper shape. Also that all printing be condensed to as small an amount as can according to law, be done. We believe that it is contrary to law to allow certain County officials extra salary for additional clerical service and believe that the Supervisors should use greater diligence in passing upon all claims.

We believe that in the school fund more money should be set aside for Sanitary purposes in the various school--houses and we believe that more attention should be paid to sanitary conditions. We believe that it would be to the County's interest to dispose of all the farm and farming implements at the County Farm not necessary for the keeping of the County's poor.

The reports of the sub-committeess may be summed up as follows.

The treasurers books were found to be correct and well kept and certificates of deposit were found for all cash. Mr. Behrens of the First National Bank, from which most of the certificates were issued showed that while he did not carry a sufficient amount on hand, the bank has deposits with reputable banks and that theere is always sufficient on hand to pay all claims presented.

The committees on roads find the roads in the 1st,2nd and 3rd districts to be well kept while from the 5th there is no report.

The report from the fourth district shows the roads to be in a deplorable condition. The committee says: "We must stamp with our disapproval the entire-road--ways of the 4th District. Never in our recollection have the roads been in such a bad condition, they are now almost impassible even for the lightest travel. It is evident that but little attention has been paid to road construction or road repair; considering the fact that $7245.37 has been, in the last year, appropriated to the bettermeent of these roads, there should be at least one main highway in a passable condition. We would also call attention to the 'Lock-up' at Halfmoon Bay which is a menace tothe halth of any unfortunate incarcerated therein."

The report of the committee from the 1st township shows that several stretches of road are very bad, owing to thefact that the Ocean Shore R. R. graded too near them and did not leave enough room for vehicles to safely pass.

The report of expert W. J. McGarvey then follows:

ASSESSOR—

The Assessor's office has connected with it a large amount of work which has over doubled in the last few years. The books of this official are correctly written up and this officer has made a full settlement with the Treasurer and holds his receipts therefor.

TAX COLLECTOR—

This officer, Mr. C. L. McCracken, I find has collected all taxes charged to him and and has made a full settlement with the Auditor and Treasurer for all collections.

SHERIFF—

I have carefully checked off the accounts in this office and find them neatly and carefully kept.

In the Jail account I find that he is entitled to 10 days more board from prisoners which he has not charged to the county.

TREASURED—

I have found no errors or ommissions in this officers accounts. 4

Vouchers for all money received by him and paid out are filed in the Auditors office. I find no errors in his computations, and monthly reports filed with the Auditor show at all times a full and true condition of the Couny's finances.

AUDTOR—

I find this officers books and accounts are kept in a very accurate and commendable manner, and show in a clear and comprehensive way all the official transactions of the different offices.

All accounts compare with the Treasurer's reports as to the monthly receipts and disbursements.

This officer should be highly complimented for the system of bookkeeping he has adopted since he came into office. He not only keeps the accounts of the various transactions of the officers, but all other transactions wherein the County's interests are involved. He also keeps accounts with the various school districts of the County; in fact it is the first time in the history of the County that ageneral Ledger of the County has ever been kept. If one had beenkept years ago, our School Fund would not have been in the condition it now stands.

Mr. Underhill and his deputy should receive great crdeit.

SCHOOL SUPERINTENDENT—

I find this officers books are kept with neatness and great care in all entries.

His accounts agree exactly with those of the Auditor, also with all amounts paid out by the Treasurer for all school expenditures.

COUNTY RECORDER—.

I have closely examined this officers collections for all documents filed for record and find all fees have been very closely collected and duly accounted for and the records copied neatly and correctly. The work in this office has steadily increased and in all fairness the Supervisors should be requested to continue the aid which is given this official. It is well knownthatmany of the sales of land were made on time and as agreements will soon mature, therefore, the recorder will have to greatly increase his force of copyists to be able to cope with the work, and that he may accommodate the public and those who have business connected with the office.

There were 1442more instruments filed for record in 1907 than in 1906.

The surplus of fees over the salary of the reeorder and his assistants for 1900-1901-1902-1903 was $941.90. The surplus of fees collected over salaries for 1904--1905-1906 and 1907 was $16,077.05

COUNTY CLERK—

The files, records and books of account in this office, I find, after a careful examination, are properly kept and all collections of fees and deposits of money with him have been correctly accounted for. This officer keeps his Probate Orders etc., and all papers in civil and criminal cases written up to date.

I find he keeps the records of the proeedings of the Board of Supervisors in such a manner that every detail of their proeedings is always a ready and plain reference.

The number of cases coming under his notice were: Civil and criminal 129 as against 99 last year; probate 84 as against 66 last year. The total receipts of 1907 were $2314.65 those of 1906, $1652.05.

County claims filed in 1906—2610.

County claims filed in 1907—2947.

COUNTY FARM—

The accounts of this branch of the administration are found to be all right although they are kept in rather negligent manner.

The Justices of the Peace and Constables of the respective districts have all done their duty and turned over the proper amounts of money received as fees.

HEALTH OFFICER—

This officer has discharged his duties faithfully and has turned over to the funds of the County $5107 in excess of his expenses.

PESCADERO NEWS IN A SHORT FORM

Will Have New Physician and Drug Store—Extensive Coldstorage Plant—More Road Work Soon

The Times-Gazette has been extremly fortunate in securing Dr. Blackburn as a correspondent at Pescadero.

The population of Pescadero and San Gregorio are highly elated over the fact that they are to have a new physician in the person of Dr. C. V. Thompson. Dr. Thompson is a graduate of Cooper Medical College and was resident physician of the City and County Hospital of San Francisco for two years which in itself is one of the best recommendations a physician could have. He has come to stay, and expects to open a drug store shortly. The doctor has already procured the location and expects to start soon.

J. G. Anderson expects to install an extensive cold storage plant on his new location shortly, thereby being able to give his patrons the most tender and and choice of meats. He also contemplates carrying on a general cold storage business.

Supervisor Blackburn and wife attended the funeral of Miss Lotty Bell at Cypress Lawn Cemetery last week.

George Lewis has been ill for some time. We hope to see Mr. Lewis out in a short time.

Supervisor Blackburn contemplates doing extensive work on his roads as soon as the weather settles.

The McKay family of San Gregorio are well again which we are pleased to note.

An Autocar automobile made the trip from San Mateo to Pescadero by way of La Honda last week. This speaks well for the coast roads.

Dr. Thompson is anxious to see the weather clear up so he can bring his automobile down. The doctor believes in answering his calls as promptly as possible and his business has so increased as to necessitate a team and auto.

All the creeks on the coastside have been running full the past week. The rain fall of the past week has been the heaviest of the season.

Two of the newest communities of our county willvote on the question of a bond issuefor the erection of new school houses. San Bruno Park will have such an election shortly to determine whether or not that thriviing place will build a modern 8 room building. Vista Grande in the Jefferson District will also vote at a bond election to see whether they will get thewhehewithal to errect an 8 room structure. The city of San Mateo has sold $40,000 worth of bonds and will shortly begin the errection of a handsome new structure of Mission architecture on the old Lawrence place.

Attorney for Plaintiff

SUMMONS.

The people of the State of California send greeting to Wm. R. Berry, Edward M. Brewer, Edward M. Brewer as trustee, Eliza Brewer, Frank McCoppin Brewer, as executor of the last will and testament of W. P. A. Brewer, deceased, and to all persons unknow who have or claim any interest in or lien upon the property herein described, defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons—if served within this county; or within thirty days if served elsewhere.

The said action is brought, and the object thereof is to obtain a decree of partition of the real property hereinafter described according to the respective rights of the parties aforesaid and the parties interested therein, and for a sale of said property, or a part thereof, if it appear that a partition cannot be made without great prejudice to the owners thereof and to determine all adverse claims of the defendants, and each of them, to the said real property which is situate, lying and being in the County of San Mateo, State of California, and bounded and particularly described as follows, to-wit:

Beginning at a point on the northwesterly side of Santa Ines avenue, said point being distant the following courses and distances from an iron pipe monument set in the center of said Santa Ines avenue where the division line between the properties of the El Cerrito Land Company and the Bowie Estate Company intersects the same: south fifty (50) degrees west one hundred (100) feet, south forty-eight (48) degrees fifty (50) minutes west two hundred and fifty (250) feet, south forty-eight (48) degrees thirty (30) minutes west one hundred and thirty (130) feet south fifty-one (51) degrees west one hundred and twenty (120) feet, north thirty-two (32) degrees west thirty-five and two-tenths (35.2) feet to said point of beginning; and running thence from said point of beginning north thirty-two (32) degrees west three hundred and seventy-five (375) feet to a stake in the division line between lands of the Bowie estate and those of Clark; thence on and along said division line north fifty-nine (59) degrees thirty (30) minutes east two hundred (200) feet; thence south thirty-two (32) degrees east three hundred and forty-one and four-tenths (341.4) feet to a point in the aforesaid northwesterly side of Santa Ines avenue; thence on and along said side of Santa Ines avenue south forty-eight (48) degrees thirty (30) minutes west eighty-seven and three-tenths (87.3) feet, south fifty-one (51) degrees west one hundred and fifteen (115) feet to the point of beginning, containing one and sixty-five one-hundredths (1.65) acres of land, and forming a portion of the Bowie estate as designated and delineated on a certain map entitled "Map Number One (1) of Bowie Estate," recorded in the office of the County Recorder of said County of San Mateo, on the sixteenth (16th) day of September, one thousand eight hundred and ninety-seven (1897) in map book two (2) at page ninety-one (91) thereof.

And you are hereby notified that unless you appear and answer as above required said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of San Mateo, this 22nd day of Oct., A. D. 1907.

Ordinance No. 219.

An Ordinance Regulating and Licensing the Operation of Smelters and Providing for Supervision Thereof for the Purpose of Preventing Injury from Oxides of Sulphur, Arsenic, Flue Dust or Other Noxious Substances Generated Thereat.

PREAMBLE.

Whereas, it appears to the Board of Supervisors of the county of San Mateo, state of California, that smelters which discharge air, smoke, gases and fumes containing oxides of sulphur, arsenic and other noxious substances have frequently been injurious to the public comfort, health, safety and welfare and have been the cause of many suits for damages and for other relief and have been declared by the courts to be nuisances and decrees against the owners thereof for damages and enjoining the further like operation of such smelters have been given and made; and

Whereas, it further appears to, and it is the judgment of, this board that the operation in this county of smelters should be regulated, licensed and supervised for the purpose of protecting and preserving the public comfort, health, safety and welfare, and to provide against any smelter operated in this county becoming or continuing to be a public nuisance;

Now Therefore, to such ends and after investigation and consideration and as a local police and sanitary regulation and ordinance,

THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. Words used in this ordinance in the present tense include the future as well as the present; words used in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word "person" includes a corporation, association and firm, as well as a natural person; the word "day" shall be construed to be the period of time between any midnight and the midnight following; and the word "smelter" includes, and shall be construed to cover, any and all buildings, works and plants for, or involved in, the treatment, roasting or reduction of metalliferous ore or matte containing lead, copper, antimony, zinc, arsenic, or sulphur, or any compound thereof, and having the capacity to treat, roast or reduce fifty (50) tons or more of such ore or matte per day.

Section 2. It shall be unlawful for any person to operate in the county of San Mateo any smelter unless he shall have procured and paid for the license hereinafter mentioned and required.

Section 3. It shall be unlawful for any person to operate in the county of San Mateo any smelter unless he shall have first provided, and thereafter shall continuously maintain, at such smelter easy and efficient access thereto and means whereby samples of any noxious air, smoke, gases, fumes, flue dust or waste substance generated thereat and discharged therefrom may be readily taken for analysis.

Section 4. It shall be unlawful for any person to cause, allow or permit to escape or be discharged from any chimney or flue directly or indirectly connected with the furnaces, converters or other parts of any smelter into the free atmosphere any air, smoke, gases or fumes which said air, smoke, gases or fumes contain oxides of sulphur estimated as sulphuric oxide or sulphuric anhydride amounting to more than two (2) grains per cubic foot of said air, smoke, gases or fumes, if such smelter be of the capacity of not more than one hundred (100) tons of ore per day, or more than one and one-half (1½) grains per cubic foot of such air, smoke, gases or fumes if such smelter exceeds in capacity one hundred (100) tons of ore per day; and in calculating the proportions for the purpose of this ordinance, such air, smoke, gases or fumes shall be calculated at a temperature of sixty (60) degrees, Farhenheit thermometer, and at a barometric pressure of thirty (30) inches.

Section 5. It shall be unlawful for any person to cause, allow or permit to escape or be discharged from any chimney or flue directly or indirectly connected with the furnaces or converters or other parts of any smelter into the free atmosphere any air, smoke, gases or fumes which contain arsenic flue dust or any noxious substance in such quantity that the same is dangerous or injurious to animal or vegetable life.

Section 6. It shall be unlawful for any person to cause, allow or permit to be discharged from any smelter into the waters of the bay of San Francisco, within the county of San Mateo, or into any branch or arm thereof or tributary thereto within said county, any sulphuric acid, nitric acid, arsenic, lead, copper, zinc, antimony, or the compound of any two or more of them.

Section 7. It shall be the duty of any person desiring to operate a smelter to procure from the ex-officio license collector of this county, before commencing to operate the same, a license authorizing him to operate the same, and shall pay therefor to the said license collector the license tax hereinafter set forth for a smelter of the capacity of the one he desires to operate.

Section 8. The classification and the license tax for the operation of a smelter pursuant to the provisions of this ordinance shall be as follows:

Class 1. A smelter having a capacity of not exceeding one hundred (100) tons of ore per day, the sum of fifteen (15) dollars per month;

Class 2. A smelter having a capacity of more than one hundred (100) tons, and not exceeding five hundred (500) tons of ore per day, the sum of twenty-five (25) dollars per month.

Class 3. A smelter having a capacity of more than five hundred (500) tons and not exceeding one thousand (1000) tons of ore per day, the sum of fifty (50) dollars per month;

Class 4. A smelter having a capacity of more than one thousand (1000) tons and not exceeding two thousand (2000) tons of ore per day, the sum of one hundred (100) dollars per month;

Class 5. A smelter having a capacity of more than two thousand (2000) tons of ore per day, the sum of one hundred and fifty (150) dollars per month.

Said license tax shall be payable quarterly, semi-annually, or annually, in advance, at the option of the licensee; but no license shall be issued for a longer period than one year from the date thereof, PROVIDED, that the same may be renewed at the expiration thereof on proper payment therefor.

Section 9. It shall be the duty of the health officer of said county, or such other person as the Board of Supervisors may designate therefor, at such time or times as the said board, or the chairman thereof, may direct, or such health officer or person shall deem it necessary or proper, to visit any such smelter and the premises on which it is situated, and examine the same, and exercise the rights and perform the acts provided for in Section 10 hereof, he shall, when he deems it necessary or proper, or when so directed thereto by said board, or its chairman, take samples of the air, smoke, gases and fumes discharged or issuing from such smelter into the free atmosphere and shall have the same analyzed to ascertain whether they exceed in content the maximum of oxides of sulphur permitted to be discharged, as hereinbefore provided, and whether such air, smoke, gases and fumes contain dangerous or injurious quantities of arsenic, flue dust or other noxious substances, and as nearly as practicable the amount thereof per cubic foot, and shall report to the Board of Supervisors the result of his examination and analysis; and said board may thereupon, if it deems it necessary or proper, direct the District Attorney of said county to file a proper charge and complaint against, and prosecute, any person who, in its judgment, has wilfully violated this ordinance; but prosecutions for violation of any provision of this ordinance may be instituted, had and maintained without any order of said board thereof. And nothing herein contained shall justify or permit the maintenance of a nuisance of any character or deprive any one of his action at law or in equity for the abatement thereof, or for damages arising therefrom, or for any proper relief or judgment.

Section 10. The health officer or other person mentioned in Section 9 hereof, shall, for the purposes of this ordinance, have free access to, and may at any time, by day or night, and without giving previous notice,—

(a) Enter and inspect any smelter for the operation of which a license has been granted as aforesaid;

(b) Observe and examine any process causing the evolution of any noxious or offensive air, smoke, gases, fumes, arsenic, flue dust, or waste substance and any apparatus for preventing the discharge thereof into the atmosphere, or for rendering any smoke, gases, fumes, arsenic, flue dust or noxious substance generated thereat harmless or inoffensive when discharged;

(c) Ascertain the quantity and composition of the air, smoke, gases, fumes, arsenic, flue dust and noxious substances discharged from any such smelter;

(d) Enter and inspect any place where liquid, acid, or other waste substance is discharged or deposited;

(e) Collect and remove for analysis samples of air, smoke, gases, fumes, fluids, and solid matter generated or made at such smelter; and

(f) Make such investigation and apply such tests as he may deem necessary or proper, or said board may direct, to carry out the purposes of this ordinance:—

Provided, however, that no person shall be obliged to disclose or permit the examination of any secret process or apparatus used in operating such smelter.

Section 11. It shall be unlawful for any person to resist, hinder, delay, annoy or interfere with the health officer, or other person mentioned in Sections 9 and 10 hereof, while in the performance of any duty or act provided for or authorized by this ordinance.

Section 12. Any person who shall violate any provision of this ordinance shall be guilty of a misdemeanor, and shall, upon conviction thereof be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail of the county of San Mateo not exceeding six months, or by both.

Section 13. Each and every day, or fractional part thereof, wherein any smelter is operated in violation of any provision of this ordinance shall constitute a separate offense.

Section 14. This ordinance shall take effect and be in force from and after fifteen (15) days from its passage.

Passed and adopted by the Board of Supervisors of the county of San Mateo as an ordinance of said county at a session and regular meeting of said Board held this 20th day January, 1908, by the following vote:

Ayes, and in favor of the passage of said ordinance, Supervisors, John MacBain, J. H. Coleman, D. E. Blackburn.

Noes and against the passage of said ordinance, Supervisors, J. Eikerenkotter, J. Debenedetti.

Absent, Supervisors, none.

CHRIS EVANS' DAUGHTER A BLUSHING BRIDE

Thursday last a marriage license was issued to Winifred Evans, whom it was learned afterwards, is the daughter of Chris Evans, the noted bandit, and Albert Gutierrez. When the couple appeared before County Clerk Jos. H. Nash, they attracted instant attention on the part of the county officials and courtroom habitues on account of the difference in size, the woman being much larger and also because of her strikingly well groomed appearance.

Attired in a form fitting tailor suit of green at the clerk's office the woman did most of the talking and directing. The license was made out in the name of Winifred Evans, and after paying the customary fee the couple departed in search of Superior Judge Geo. H. Buck. Witnesses were secured by the judge in the persons of G. Einstein and Mrs. Della Long. The marriage ceremony was well under way when Judge Buck discovered that the woman had been married before and divorced, and that the decree of divorce did not grant her the right to resume her maiden name.

Proceedings were stopped at once, and a second visit to the county clerk was necessary, where a second license was made out, this time in the woman's true name, Winifred Burrell. With a fresh start the couple were soon united. Gutierrez gave his age as 31 and his occupation as a merchant. His wife is 25 and the license gave her occupation as that of a housewife. Both are residents of Sacramento, for which place they left as soon as the ceremony was over

CITY COUNCIL APPOINTS NEEDED POUND-KEEPER

Chairman Havey was absent from the Board of Town Trustees Monday evening and Trustee Walker presided.

The appointment of a pound master was the first matter taken up and John Prendergast, the only applicant was given the position. The board then fixed the salary of the new official at $20 per month and fees.

The application of M. Moran for a transfer to him of the liquor license which had been issued to Joseph Rodgers was granted.

City attorney Kincaid was directed to call the attention of the Southern Pacific Railroad Company to the nonpayment of water rates. He was also to inform the company that conductors and engineers in charge of trains are in the habit of allowing cars to block streets at railroad crossings for a time greater than that allowed by the town ordinances.

Other grievances which Mr. Kincaid is to put up to the railroad company is that the "lovers lane" bridge is still in a dilapidated condition and that the culverts which the company agreed to put in under their tracks are still in the "dim beyond."

A complaint was received that the water supply in upper Wellesley Park is very poor and at certain hours of the day is totaly inadequate to the needs of residents. Referred to the street superintendent.

Maps of the McGarvey subdivisions of the Rees tracts were laid over until the next meeting, which will be Monday next.

The Champion Talagoos

When the lacrosse season opens this summer the Talagoo team of San Mateo, State champions and also claimers of the Pacific Coast title, will be on the field with a stronger team than ever before. Last year the San Mateo players decisively defeated the other two teams in the league, Olympic Club and Oakland.

After winning the league championship in California the Talagoos challenged the New Westminster team, champions of British Columbia for the Coast championship. As the crack Northern team refused to play the local boys, San Mateo claims the Coast championship by default.

This summer the Talagoos will have a stronger team on the field than ever before and expect to annex the State title with little difficulty. The team will then journey to Montreal and play the famous Shamrocks for the world's championship.

SO DECEPTIVE
Many Redwood People Fail to Realize the Seriousness

Backache is so deceptive.
It comes and goes—keeps you guessing.
Learn the cause—then cure it.
Nine times out of ten it comes from the kidneys.
That's why Doan's Kidney Pills cure it.
Cure every kidney ill from backache to diabetes.
Here's a Redwood City case to prove it:
R. W. Hanthorn, living at 210 Second street, Redwood City, Cal., says: "My wife complained a good deal of the time from pains across her loins and always suffered more severely when standing on her feet. When at the sewing machine she would be forced to be in a stooped over position and the bending seemed to aggravate the trouble. She also suffered from a too frequent action of the kidney secretions, which gave her a great deal of annoyance. Doan's Kidney Pills having been brought to her attention, she procured a box at P. A. Ryan's Drug Store. They were very prompt in giving her relif, she continued taking them, and the kidneys were restored to their proper condition, she is not annoyed by backaches and that tired languid feeling has disappeared. A medicine that will act up to its representations as Doan's Kidney Pills did in Mrs. Hanthorn's case is worthy of recommendation.
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's and take no other.

A young man, who had not been married long, remarked at the dinner table the other day:
"My dear, I wish you could make bread such as mother used to make."
The bride smiled, and answered in a voice that did not tremble:
"Well dear, I wish you could make the dough that father used to make."
